October 17th, 1919

Professor F. C. Henderson,
University of Toronto.
Dear Professor Henderson:

I have seen Mr. Baldwin and confirm his proposal that space should be given in the residences for the delegates of the visiting Societies in Christmas week at the rate of two dollars for the three days.

I have also written to Miss Wrong asking whether she can give accomodation to the women delegates.

I will speak to the superintendent also about accomodation for the meetings.

Yours sincerely,

President.

October 21st, 1919

Professor V. E. Henderson,
Medical Building, University of Toronto.

Dear Professor Henderson:

A communication has been received by the President from Miss Brent stating that she can arrange for the women physiologists to stay at 94 St. George Street and to have breakfast at the Union, 84 St. George Street.

Yours very truly,

President's Secretary.

Oct. 28th., 1919.

The President,

University of Toronto.

Dear Sir Robert,--

I beg to make application for the use of the women's residences, namely, Queen's Hall, and the two other residences adjacent to it, for the nights of the 29th. and 30th. December, for the members of the Federation of American Societies for Experimental Biology. I have spoken to Miss Livingston at your suggestion, and find that she does not object to our using the residences for this purpose, though she would prefer that we use only one or two and not all three of the houses. As our intention is to ask for applications for these rooms from members of the Societies at as early a date as possible, we expect to be able to estimate our requirements for rooms some two or three weeks ahead of the dates of meetings, which would enable adjustments of this kind to be made.

I am,

Sincerely yours,

Acting Secretary, Local Committee, Federation of American Societies for Exp. Biology.

October 28th, 1919

Professor V. E. Henderson,
Medical Building,
University of Toronto.

Dear Professor Henderson:

At the meeting of the Board of Governors held on October 23rd my recommendation was approved that accommodation be granted free of cost for the meetings of the proposed Scientific Research Club.

Yours sincerely,

President.

October 20th, 1919

Professor V. E. Henderson,
University of Toronto.

Dear Professor Henderson:

I will report to the Board that I have authorized you with the consent of Miss Livingstone to use one , or if you require them two, of the Rosen's Residences for the visiting delegates of the Federation of American Societies for Experimental Biology in December. I assume that the same rate will be asked as for the Sen's Residences, though this is a matter I think you should take up with Miss Livingstone.

Yours sincerely,

President.

October 20th, 1934

Professor Henderson,
University of Toronto.
Dear Professor Henderson:

The report of the Committee of the Faculty of Medicine dealing with the extension classes in Medicine should properly have gone through the Senate, but I can see that the matter needs to be attended to at once, and I will bring it before the Board directly at its next meeting on the 15th of November, and will ask them to sanction my authorising you to issue the circular including the fee of $10.00. You may therefore go ahead on this understanding.

I have gone over the report of the Committee, which I take to be rather a rough draft, as there are several sentences which I think you as Chairman of the Committee should have modified before it is published. I assume, however, that you did not intend to publish it as it stands, and that this was simply an outline.

With kind regards, I am,
Yours sincerely,

President.

The President
The University of Toronto
Dear Sir

I am instructed by the Secretarial Committee of the Scientific Research Club of the University to thank you for your letter of the 25th of October and for the arrangement under which the University will open buildings for the meetings of the Club.

The next meeting will be held in the Medical Building. I am enclosing a copy of the notice. I am sure that if you cared to come the members would be very glad to see you.

Yours sincerely
Edward L. Henderson

November 8th, 1919

Professor Y. P. Henderson,
Medical Building.

Dear Professor Henderson:

I am glad to know that the Research Club is getting under way, but I regret that owing to my absence in New York on November 20th I shall be unable to be with you.

Yours sincerely,

President.

CONSTITUTION OF THE RESEARCH CLUB OF THE UNIVERSITY OF TORONTO.

1. Name: The Scientific Research Club of the University of Toronto.
2. Objects: The object of the club shall be mutual help for those actively engaged in research.
3. Membership: The Club shall consist of members and associates.

   i. Those eligible for members shall be:
      a. Charter Members elected at organization meeting.
      b. Such other persons actively engaged in research as shall be elected.

   ii. Any Members of the Club will be entitled to propose as Associate, any person actively engaged in research who would profit by attendance at the meetings of the Club. The privileges of the Club will be extended to such persons for one year.

   iii. Members shall have the right to introduce as guests at any meeting such persons as might profit thereby.

4. Secretarial Committee.
   The Secretarial Committee shall consist of three members whose duties shall be to arrange for the meetings of the year.

5. Duties of Membership.
   The names of Members and Associates who do not attend one meeting out of three consecutive meetings shall be automatically dropped from the roll.

ANNOUNCEMENT.

At the first meeting of the Club, Professors V.E.Henderson, H. Speakman and E.F.Burton were appointed secretarial committee for the current year.

~~This notice is an announcement to you that you are a charter member.~~

The next meeting will be held in the South Lecture Room of the Medical Building on Thursday evening, Nov, 20th at 8 o'clock under the auspices of the Department of Physiology.

Professor J.J.R.McLeod: "The Control of Respiration."
Professor A.C.Redfield: "The Physiological Action of Rays."

November 10th, 1919

Professor V. B. Henderson,
Medical Building.

Dear Professor Henderson:

Probably this letter from Dr. Lewis should be sent to you as you are the Convener of that Committee on Graduate Course for Returned Men. I have written to him that I am doing forwarding it.

With kind regards, I am,

Yours sincerely,

President.

The President
The University of Toronto

Dear Sir Robert.

The meetings of the Scientific Research Club to date have been as follows.

23rd October 1919. Geology Palaeontology
20th Nov. 1919. Physiology
18th Dec. 1919. Biology
26th Jan 1920 Chemistry

The February meeting will be held in the Dept of Physics

Yours sincerely
Gilbert J. Henderson

June 18th, 1920

Dr. V. N. Henderson,
Medical Building.

Dear Dr. Henderson:

I have a letter from Mrs. Oscar Chase, mother of Miss Lillian Chase, a student in the third year in Medicine who got two stars. She evidently has been throughout a good student, and is very much disappointed over her failure. One star was in Anatomy of the brain, and the other in Pharmacology. Her mother has written asking me to find out whether I could get her standing. She says that she must have made some grave errors, and is very anxious to get as full particulars as possible. Would it be too much trouble for you to have any information that may be of help sent to me ?

Yours sincerely,

President.

(Have also sent copy to Speakman & Lockhead)

Report of Sub Committee including proposed Constitution

The suggestion has been put forward that we should have organised in the University of Toronto, some form of Society which would afford a common meeting place for those engaged in or directing researches in all the various branches of Science. There are many occasions when we could be of mutual help, and the great modern development due to the intermingling of the various sciences makes this mutual help almost necessary.
In pursuance of the above an informal meeting was held early in June in the Physics Building at which there were present Professors Kenrick, McLeod, Henderson, J.J. Mackenzie, Speakman, Fitzgerald, McMurrich, and Burton. After some discussion with regard to the requirements of the organisation a Committee consisting of Professors Henderson, Speakman, and Burton was appointed to draw up a Constitution. This sub-Committee has met and has decided to recommend the following articles for the Constitution:

1. Name

The Scientific Research Club of the University of Toronto.

2. Objects

The object of the Club shall be mutual help for those actively engaged in research.

3. Membership.

The Club shall consist of members and associates.

i. Those eligible for members shall be

a. Charter Members.
b. Such other persons actively engaged in research as shall be elected.

Under Section 3, i.a the Charter members shall be those nominated by the following:

Astronomy and Physics:	Dr. Burton
Chemistry	Dr. Kenrick
Zoology	Dr. Bensley
Botany	Dr. Faull and Dr. Thomson
Mathematics	Dr. Fields

Geology	Professor Coleman
Mineralogy	Professor Walker
Physiology	Dr. Hunter
Pharmacology	Dr. Henderson
Pathology	Dr. Mackenzie
Zymology	Dr. Speakman
Hygiene	Dr. Fitzgerald
Psychology	Dr. Bott
Forestry	Dr. Howe
Household Sc.	Dr. Benson
Medicine	Dr. Graham
Applied Science	Dr. Boswell.

ii. Any members of the Club will be entitled to propose as Associate, any person actively engaged in research who would profit by attendance at the meetings of the Club. The privileges of the Club will be extended to such persons for one year.

iii. Members shall have the right to introduce as guests at any meeting such persons as might profit thereby.

4. Elections

A business Session of the Club shall be held during the first meeting of each term at which nominations for members and associates shall be considered such nominations shall be in the hands of the Secretary at least one week before the meeting.

Any candidate receiving a majority of the votes cast at any such meeting shall be declared elected.

At the last meeting of the year a business Session will be held for the purpose of electing an Executive for the succeeding year.

5. Executive Committee

The Executive Committee shall consist of ~~the~~ three members whose duties shall be to arrange for the meetings of the year.

6. Duties of Membership

The names of Members and Associates who do not attend one meeting out of three consecutive meetings shall be automatically ~~dropped from the roll.~~

The duty of providing speakers for the first meeting o of the Club was also left to the sub-Committee.

The Committee decided to ask Professor Coleman and Professor Parks to give papers at the meeting of the Research Club to be held in October. Both of these gentlemen have agreed to do so. Professor Coleman will give a paper on " The Physio~~logical~~ graphical and Glacial Geology of Gaspe'". Professor Parks will give a paper on...

The University of Toronto

Oct. 9. 1919

Dear Sir,

I am enclosing for your information a copy of the proposed constitution of a new club to be formed amongst the scientific members of the staff of the University. The introductory paragraph will give you an indication of the origin of the movement.

It is the wish of the committee to hold the first organization meeting in the Chemistry and Mining Bld. on the night of the 23rd inst. at 8 p.m. I am therefore instructed to ask you, 1st Can you aid this movement by having this building open free of charge to the Club for the evening of the 23rd and 2ndly can the Club expect this assistance in the future. At present about six meetings per annum are planned.

I am sure that you will see the value of this new movement and will use every effort to make it successful.

Yours sincerely
Velyien E. Henderson
Chairman Organizing Committee

University of Toronto
TORONTO, CANADA

The President.
The University of Toronto

Dear Sir.

I understand that the formal appointment of the laboratory attendant, whom I engaged on July 1st after conversation with you has not yet been made. His name is Alan Brock of 53 Broughton Ave. He is a trained mechanic and is picking up the work of the department most successfully. I arranged to pay him $65.00 for July Aug. and Sept. and $75.00 from Oct. 1st. I hope that you will recommend his

ADDRESS REPLY
TO DR. E. STANLEY RYERSON,
SECRETARY

University of Toronto
FACULTY OF MEDICINE
TORONTO, CANADA

126

June 6th, 1919.

The President,

University of Toronto.

Dear Mr. President:-

Re Estimates.

On consideration of the estimates submitted by Dr. Brodey for the Department of Pharmacy Pharmacology, there are three modifications which I feel will have to be introduced.

Fellow. The amount of the Fellowship is not indicated on the estimates. This should be at least $600.00. In all probability I will retain Dr. Brodey in this position for next year and in view of the great value of his services to the department, he should receive at least $1000.00, but I fear that you would not undertake to recommend such a sum to the Board of Governors.

Class Assistants. Owing to the large size of the incoming Third Year in Medicine, it will probably be necessary to provide three class assistants instead of two.

Janitor. The previous janitor received a salary of $900.00 per annum. He left three months ago. The man who is employed at the present moment at a salary of $560.00, which amount appears in the estimates, is entirely uncapable of doing the work required, as he has no education, is for instance unable to write. The allowance should be $900.00

Johnson J. Henderson

Associate Professor of
Pharmacology.

OFFICE OF THE
University of Toronto Alumni Association

16

TORONTO, May 28, 1920.

Sir Robert Falconer,
President, University of Toronto.,
Toronto, Ont.

Dear Sir Robert ;

I am returning herewith papers in connection with the Brant County Scholarships.

I notice that the Scholarships are open to "dependents or relatives of soldiers or nurses who served in the great war", and that they are awarded on matriculation. In view of the financial need among returned soldier-students, might it not be worth while to suggest to Mr. Harley that Scholarships open to returned soldiers now in attendance at the University might meet a more urgent need.

Yours respectfully,

W. R. MacDonald
Secretary.

REPLY TO

June 21st, 1919

The President.

Dear Sir.

As a result of my conversation with you, yesterday I saw and arranged to employ as Laboratory Attendant, Alan Brock 33 Broughton Av. I have agreed to give him $65.00 for July. Aug. and Sept. by which time I will have decided whether he is satisfactory or not. After that I have promised him $75.00 a month. This is the best financial arrangement I could make with him and I consider that I am fortunate in obtaining him at this price

Yours sincerely

Velyien B. Henderson
